About School

School of Mathematics & Statistics was established in 2020. Mathematics and Statistics are fundamental disciplines of knowledge and constitutes most important tools for all programmes of study and research as well as science and technology, social sciences, health & welfare, industry, business & management. At present the school is led by Prof. Dr. K. K. Jose as Hon. Director and a team of dedicated faculty members. During 2021-22 we have started two programs of study namely (i) M.Sc. Mathematics (ii) M.Sc. Statistics. One full semester Project Work and Internship are part of each program. The curriculum and syllabus for these programs are developed by eminent scholars and industry experts with view to provide teaching, research and training in emerging areas for meeting the demand from academia and industry. In addition to the program of study, various workshops, seminars, conferences, lecture series etc by experts will be offered to encourage research and skill development to meet the emerging challenges.
